ABOUT MEE

Integrated industrial engineering and project execution

WHO WE ARE

MashaAllah Engineering Enterprises (MEE) is an engineering and industrial services company supporting mechanical, civil and electrical works across major industrial environments.

WHAT WE DELIVER

From planning and fabrication to erection, testing, commissioning support and maintenance, MEE provides coordinated site execution through multidisciplinary teams.

INDUSTRIES

Oil & Gas • Fertilizer • Power • Cement • Industrial Manufacturing • Infrastructure and public-sector environments.

OUR PROMISE

Quality, commitment, reliability, HSE compliance, timely execution and long-term client relationships remain central to our work.

A practical engineering partner for projects where coordination, workmanship, HSE and disciplined execution matter.

CEO MESSAGE

Leadership direction

SHAHID HAMEED

Chief Executive Officer

I am honored to address you as the CEO of MashaAllah Engineering Enterprises, a company serving Oil & Gas, Fertilizer, Power and Cement industries as well as the public sector. Our organization is built around excellence, integrity and dependable execution.

Our experienced professionals and engineers are the driving force behind our success. We remain focused on HSE, continuous training, client trust, responsible execution and long-term relationships.

We aim to be a dependable engineering partner for customers who need practical, coordinated support from planning through execution, commissioning support and maintenance.

“Quality is our standard. Safety is our priority. Commitment is our promise.”

ORGANIZATIONAL CHART

BOARD OF DIRECTORS

- CEO / Chairman (M. Shahid Hameed)
- Managing Director (M. Touqeer Shahid)
- Director Finance
- Director Business Development

Chief Executive Officer (Shahid Hameed)

Project Management Consultant

General Manager

HR & Administration Department
- Admin Section
- Time Office
- Transport
- Food
- Training
- HR Section

Finance Department
- Accounts
- Taxation
- IT / Software
- External Audit

Planning & Estimation Department
- Planning
- Estimation
- Cost Control
- Scheduling

Procurement & Purchase Department
- Procurement
- Purchase
- Vendor Management
- Logistics

Operations Department
- Project Management
- Site Management
- Quality Control
- Documentation

Commercial & Business Development
- Contracts
- Client Coordination
- Business Development
- Tendering

HSE Department
- Safety
- Health
- Environment
- Risk Management

International Division
- Global Projects
- Overseas Clients
- Export / Import
- Business Expansion

Technical Team

Mechanical & Fabrication Department
- Mechanical Engineers
- Fabrication Team
- Welders
- Fitters
- Helpers

Piping Department
- Piping Engineers
- Pipe Fitters
- Welders
- Fabrication Support
- Helpers

Scaffolding Department
- Scaffolding Supervisor
- Scaffolders
- Helpers

Rigging & Heavy Lifting Department
- Riggers
- Banksmen
- Operators
- Helpers

Surface Preparation Department
- Surface Prep Supervisor
- Blasters
- Painters
- Helpers

Electrical & Instrumentation Department
- Electrical Engineers
- Instrument Engineers
- Electricians
- Instrument Technicians
- Helpers

Civil Department
- Civil Engineers
- Surveyor
- Site Foreman
- Masons
- Steel Fixers

Supply & Manpower Department
- Procurement (Material)
- Manpower Supply
- Equipment Supply
- Vendor Management
- Logistics

Workshop Department
- Workshop Engineer
- Technicians
- Machinists
- Helpers

Stores & Machinery Department
- Store Incharge
- Inventory Control
- Machinery Maintenance
- Equipment Handlers

CERTIFICATION OF PAKISTAN ENGINEERING COUNCIL & MEE NTN CERTIFICATE

Initial Date of Registration in PEC: Mar 19, 2018

Serial No. 635807
PEC-11

Scan QR code to view details.

PAKISTAN ENGINEERING COUNCIL

Licence No: **4654** Category: **C2** Validity: **30 June, 2026**

LICENCE OF PAKISTANI CONSTRUCTOR/~~OPERATOR~~

(Under the bye-laws of Pakistan Engineering Council 1987)

This is to certify that M/s **MASHALLAH ENGINEERING ENTERPRISES** (Licencee), with its registered office at **R-82, KN GOHAR GREEN CITY,, MALIR KARACHI, MALIR TOWN** have been licenced under Construction and Operation of Engineering Works Bye-laws 1987, until the validity date to construct/~~operate~~ engineering works, the construction/capital cost of which does not exceed Rs. **1000 (ONE THOUSAND) Million** provided the licencee fulfils all the qualification requirements prescribed by Client or Employer for a particular engineering work; and subject to the licencee continuing to fulfill all the requirements of the bye-laws.

Field of Specialization **BC01 - BC02 - BC04 - CE01 - CE04(i) (Irrigation & Flood Control Systems) - CE04(iv) (Water Retaining Structures) - CE08 - CE09 - CE10 - CE11(i) (General engineering Works only) - CE11(ix) (General Building Works) - EE01 - EE02 - EE03 - EE04 - EE06 - EE07 - EE08 - EE10 - EE11(i) (Solar) - EE11(iii) (Solar Energy system) - EE11(vi) (General Electrical Works Only) - ME01 - ME02 - ME04 - ME05 - ME06 - ME07(ix) (TG set) - ME07(v) (General Mechanical Works only) - (TWENTY NINE ONLY)** (Specialization Code Nos. for detail see overleaf)

Date of Issue: 23-Jan-2026
(Islamabad)

Registrar
Pakistan Engineering Council,
Islamabad.

Note:
1. If a firm does not get renewal of its licence within a year after expiry of its licence, the firm may be renewed after payment of outstanding fee if entire defaulting period plus surcharge at the rate of 5% of defaulting fee amount, or as prescribed from time to time.
2. The employer must ensure employment of engineers whose names are mentioned on backside of the licence. The Consulting Engineer (the Engineer Incharge in case the consultant is not appointed) shall monitor the number of engineers employed by the Constructor/Operator and inform the Council accordingly.
3. Owner(s) of the firm shall be held responsible, if any information, document or paper submitted by him/them is found incorrect or forged.

MISSION • STRENGTH • PHILOSOPHY • GROWTH

MISSION

To deliver top-tier engineering, fabrication, machining, structural erection, and project execution with uncompromised precision, quality, quality, and complete adherence to global safety standards.

STRENGTH

Engineering & Fabrication, Erection & Project Execution, HSE & Strategic Planning, Technical Leadership.

PHILOSOPHY

Providing engineering solution with Quality and Safety. Precision Engineering, Safety First, and Integrity.

VISION

To emerge as a premier engineering enterprise, recognized across key industrial sectors for innovation, operational excellence, technical expertise, and lasting client partnerships.

CORE VALUES **Safety • Integrity • Quality • Reliability • Teamwork • Accountability • Continuous Improvement**

OUR MANAGEMENT TEAM

Fayyaz ul Hassan

General Manager

Operations leadership, client coordination, project oversight and business execution.
Over 31 years experienced in different industries.

Abdul Salam

Machine Shop Manager

Machine-shop operations, machining workflow, quality checks, production planning and technical supervision.
Over 40 years of experienced in Machining Works

Najam Ali

Manager Projects

Leading projects with strong planning, coordination, and execution to ensure timely delivery, quality, and client satisfaction in PC/EPC/EPIC/LSTK /TA in Pakistan.
Over 20 years of experienced in Oil and gas field

Rashid Ali

HSE Manager

NEBOSH Certified, Expert in HSE implementation, hazard identification, Risk Management, HSE related training, PPE compliance and safe-work practices at Oil & Gas projects.
Over 12 years of experienced in Green & Brown Field.

Rashid Rizwan CCE

Manager Estimation And Planning

Manager Estimation & Planning, ARAMCO/SABIC Approved, with 29 years of expertise in PC/EPC/EPIC/LSTK cost estimation across GCC and Pakistan.
Specialized in mechanical BOQs, man-hour modelling, subcontractor pricing, and multi-million-dollar tender strategy, delivering ±5% bid accuracy and fully compliant proposals aligned with ARAMCO/SABIC standards.

Shahwaiz Majeed

Construction Manager

Project coordination, schedules, resources, site teams, client interfaces and controlled delivery.
Over 15 years of experienced in Pakistan and overseas projects.

Our professional workforce

Behind our management is a strog and dedicated multidisciplinary team of Engineers, Supervisors, Foremen, Technicians, Skilled Craftsmen, Welders, Fabricators, E&I Personnel, Civil & Mechanical Teams, HSE and QA/QC Professionals, Planning & Estimation Staff, and field support personnel, collectively driving MEE's commitment to safety, quality, efficiency, and successful project delivery.

OUR MECHANICAL SERVICES INCLUDE

- Structural and mechanical fabrication
- Equipment fabrication and installation
- Piping fabrication and erection
- Process piping installation
- Storage tank fabrication and erection
- Pressure vessel installation and maintenance support
- Heat exchanger installation and maintenance support
- Pumps, compressors and mechanical equipment installation
- Valves installation and replacement
- Mechanical equipment alignment
- Rotating equipment maintenance
- Static equipment maintenance
- Steel structure fabrication and erection
- Platforms, ladders, stairways and walkways
- Pipe supports and structural supports
- Industrial ducting and chutes
- Equipment foundations and mechanical installation coordination
- Shutdown and turnaround mechanical works
- Plant modification and revamping
- Preventive and corrective maintenance
- Mechanical repair and troubleshooting
- On-site modification and repair works

FABRICATION • ERECTION • MAINTENANCE • FIELD EXECUTION

Mechanical execution is planned around fit-up accuracy, safe lifting, controlled fabrication and disciplined site coordination.

PLANT MAINTENANCE • ERECTION • HEAVY LIFTING

- Shutdown / turnaround support including cleaning, repair, scaffolding, fabrication and painting.
- Heavy equipment handling with coordinated lifting plans, rigging supervision and controlled work zones.
- Equipment installation, alignment support, structural assembly and site integration.
- Skilled manpower deployment for industrial execution.
- Coordination between engineering, HSE, lifting, fabrication and client teams.

PROJECT RESOURCES **Mobile cranes • generators • compressors • forklifts • tractor with Trailer • fabrication & rigging resources**

MACHINE SHOP — A TO Z SERVICES

Precision machining for industrial components

Lathe Turning
Cylindrical surfaces, diameters, shoulders and profiles.

Facing
Flat, square end faces on shafts, pipes, flanges and covers.

Boring
Internal machining to enlarge, true or finish existing holes.

Drilling
Accurate holes to specified diameter, depth and location.

Milling
Slots, flats, pockets, profiles and precision surfaces.

Threading
Internal or external threads for bolts, studs and pipe fittings.

Keyway Cutting
Accurate keyways in shafts, hubs and couplings.

Shaft Machining
Turning, grooves, threads, keyways and finishing.

Bush / Sleeve Machining
Bushes, sleeves and bearing-related components.

Flange Machining
Flange faces, bores and related dimensions.

Grinding
Precision grinding and finishing for tighter accuracy.

Dimensional Inspection
Verification of dimensions, fits and tolerances.

CIVIL ENGINEERING & CONSTRUCTION

- Concrete & RCC works: plain/reinforced concrete, reinforcement, formwork and structural concrete.
- Excavation & earthworks: grading, backfilling and associated site development.
- Piling & foundations: equipment foundations, structural foundations and heavy-duty bases.
- Industrial structures and facility development, including supporting civil works.
- Underground infrastructure: trenches, utility routes, drainage and service corridors.
- Industrial roads, access works and sewerage systems.
- Pipe supports, equipment bases, brickwork and refractory-related industrial support.

CIVIL DELIVERY FOCUS

Site readiness, constructability, coordination with mechanical/electrical scopes, quality control and safe execution.

Civil works are planned to support the complete plant execution sequence — not as an isolated scope.

ELECTRICAL ENGINEERING & INSTALLATION

Power Distribution

Distribution systems, panels, feeders and industrial electrical installation support.

Earthing & Protection

Earthing networks, bonding, lightning/safety support and protection-system coordination.

Lighting & Small Power

Industrial lighting, small-power points and facility electrical support.

Testing & Commissioning Support

Inspection, continuity/functional checks and coordinated handover support.

Cable Systems

Cable laying, routing, trays, glands, termination and organized cable management.

Switchgear & Control

Installation support for switchgear, control panels and related plant systems.

Electrical works are executed with emphasis on safe isolation, organized installation, documentation and coordination with mechanical and civil interfaces.

TESTING / NDT • PROTECTIVE COATING • QUALITY

NDT & TESTING

Radiography (RT), Ultrasonic (UT), Dye Penetrant (DPT), soil/FDT, tensile and concrete-strength testing through professional teams and equipment.

SURFACE PREPARATION

Sand/grit blasting, painting, coating and pipe wrapping for pipes, tanks, structures and equipment.

QA/QC COORDINATION

Technical methods, inspection, testing, documentation, dimensional control and continual improvement aligned with project requirements.

HSE INTEGRATION

Hazard identification and control, accident prevention, occupational health, environmental protection, client rules and safe-work practices.

HSE POLICY

MEE (Masha Allah Engineering Enterprises), HSE Polity is aimed at identifying and control, safety Health & Environmental hazards, accident prevention, occupational health and pollution control and assurance program to protect from injuries and health engineering environment, and always choosing the continual ways for development. Masha Allah Engineering Enterprises, adheres to the client's HSE policy including rules / regulations and takes all necessary protective measures with a view to ensure its effective those who indirectly come into capacity during work.

3.1 Promises

1. All activities shall be carried out in compliance with local laws regarding HSE and Client's safety regulations.
2. Carry out construction strictly to protect personnel's health and safety and natural environment.
3. Provide a strong leadership and necessary resources for HSE work.
4. Make efforts to improve the HSE performance level of the company.

QUALITY POLICY

Sincere services, Enhance our knowledge and Client's satisfaction.

Quality Objectives:

Strictly observe the rules and regulations of the project Quality Assurance/Quality Control Manual, enhance leadership, good coordination with all employees & Client, exercise and apply scientific methods to achieve better quality results, and concentrate on continual improvement.

SELECTED CLIENTS

Client names supplied by MEE for this company profile.

- Synergyco Pvt Ltd
- Engro Polymer & Chemicals
- Engro Zarkhez
- KHTL
- Power Cement
- Gul Ahmed Textile Mills Limited
- NRL
- Total Parco
- SECMC Sindh Engro Coal Mining Company

Our client portfolio reflects exposure to industrial, energy, manufacturing, fertilizer and infrastructure environments.

Client names are presented as supplied by MEE; this profile does not imply endorsement by the named organizations.
